Dear Friends:

As I take office, many exciting things are happening in Montana's schools and educational circles. Teachers, administrators, and other educators are working together to provide all of Montana's students with the best possible education.

The Office of Public Instruction creates and distributes this directory to help link Montana's schools and facilitate communication and collaboration among Montana's educators. In it you will find our state's schools and educational associations along with the names, addresses, phone and fax numbers of OPI staff. It also contains all the available e-mail addresses of school superintendents, clerks, principals, and board chairs.

I hope you will find this directory useful as you work with your colleagues and other educational service providers during the 2000-2001 school year.

Thank you for the support, advice, and encouragement you have extended to me. I look forward to hearing from you and working with you in the coming years!

Linda McCulloch

STATE BOARD GOVERNANCE

Structure

The Board of Public Education, exercising general supervisory responsibility and in most cases acting on the recommendations of the superintendent of Public Instruction, has a number of duties prescribed by law concerning the elementary and secondary schools of the state (e.g., accreditation and teacher certification). The control and supervision of the School for the Deaf and Blind is vested in the Board of Public Education.

The Board of Regents is vested with full power, responsibility and authority to supervise, coordinate, manage and control the Montana University System and also to supervise and coordinate community college and colleges of technology.

The members of the Board of Public Education and the Board of Regents, meeting together, form the State Board of Education which has responsibility for submitting unified budget requests for long-range planning and for coordination and evaluation of policies and programs for the state's educational systems. The Governor serves as president and the Superintendent of Public Instruction serves as secretary of the State Board of Education.

Membership

The Board of Public Education and the Board of Regents each have seven voting members appointed by the Governor with the consent of the Senate. Neither board may have more than four voting members from the same congressional district or from the same political party or organization. The term of office for appointed members is seven years, except for the student appointee to the Regents whose term varies. The Board of Public Education also has a non-voting student member who has a one-year term.

The Governor, Superintendent of Public Instruction and Commissioners of Higher Education serve as ex officio, non-voting members on both boards.
